2 November 2016

Dear Parent/Carer,

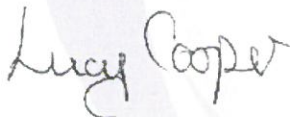

Year 10 Information Evening

I would like to invite you to an important Year 10 Information Evening. At this event, we will explain about all the different support available to help your child with their important exam preparation this year. The maths, English and science departments will also be providing information to you about how they are going to ensure students make excellent progress this year. They will then be able to start Y11 in a very positive position and ready to achieve their full potential.

We would like to ensure that your child has the best preparation possible so they can achieve or surpass their target grade. Therefore, the evening has been specifically designed for the parents/carers of all students. We will give guidance and provide information about how to support, encourage and monitor your child's progress throughout the course and especially the revision periods. We will also provide information and advice on a range of revision support resources to help at home.

The Y10 information evening will take place on Tuesday 8th November 2016 from 4.45pm – 5.30pm. There will be a presentation followed by an opportunity to talk to teachers should you wish. I do hope you will be able to join us with your child for this essential evening of information.

Yours faithfully,

Mrs L. Cooper
Assistant Principal
Deep Experience
